

ASQUITH MOVES TO DROP PRESENT HOME RULE BILL

**GREAT BOLSHEVIK FORCES WERE SMASHED BY POLES**  
Reds Completely Defeated, and a Great Number of Prisoners, Many Guns, Taken  
Soviets Still Claim to be Advancing There, Gaining in Ciscaucasia

(A. P. Special Cable)  
Warsaw, March 12.—A staff communication issued by the Polish army headquarters, dated March 11, states that the Polish army, after a sharp struggle and the use of reserves, the Poles repelled the attacks north of the town of Polesie. The Poles surrounded and completely defeated the Reds, and took 1,000 prisoners, many guns, and a great number of prisoners.

Would Have the Home Rule Measure Dropped

(A. P. Special Cable)  
London, March 12.—Herbert H. Asquith, Member for Paisley, has given notice in the House of Commons of the following amendment to the Home Rule Bill:

"The House declines to proceed with a measure which is acceptable to no section of the Irish nation, which divides national unity by setting up two Legislatures and Executives with co-ordinate powers, and which would indefinitely postpone the establishment of a Parliament for Ireland."

A COMBAT WHICH KNEW NO ARMISTICE. A remarkable photo taken near El Paso, Mexico, shows a fine buck with the head and neck of another on its victim. The body of the victim was literally torn to pieces. The victor of the unseen fight made a good recovery and was subsequently shot by a cowboy.

TODD TO TAKE BOARD BILL TO CIVIL COURT

Two Cases of This Sort in Police Court This Morning.

DAUGHTERS VS. MOTHER

Magistrate's Advice To Them is to Settle Trouble Amicably.

RUST-PROOF SEED WHEAT

(A. P. Special Cable)  
Cambridge, Eng., March 12.—Canadian farmers may soon be able to have their seed wheat vaccinated against rust and other troublesome diseases before they plant it. Tests by botanists of Cambridge University are said to have shown the possibility of breeding disease-proof plants and immunizing wheat, oats, barley and potatoes. They have also produced a new wheat, known as "Yeoman," which has yielded 96 bushels to the acre.

(A. P. Special Cable)  
Warsaw, March 12.—A staff communication issued by the Polish army headquarters, dated March 11, states that the Polish army, after a sharp struggle and the use of reserves, the Poles repelled the attacks north of the town of Polesie. The Poles surrounded and completely defeated the Reds, and took 1,000 prisoners, many guns, and a great number of prisoners.

Quite Different

Rather Unusual Announcement On Page 2.

If you just turn to page 2 of this issue you'll find a spring announcement that, to say the least is unusual. The Beggs & Co. store ask that you read it. It is a frank talk to the public on the question of a store's moral relationship to the public and especially its patrons.

Stole Jewels

Miss Briscoe Suffered a Considerable Loss.

BETTER CLOSE THEIR DOORS THAN DO GROCERY BUSINESS

Four Large Hamilton Concerns Made Net Profits of Only Two and a Half Per Cent.

Starting Official Figures Given Out by Chairman O'Connor This Morning

A lengthy discourse by Commissioner O'Connor upon the power and function of the Board of Commerce opened proceedings at this morning's session of that body. Mr. O'Connor remarked that this being the last day of the Board's work in Hamilton, the prosecution ought to complete its case against the Hamilton retailers by having its testimony taken in "Toronto," but was willing to present it today.

Mr. O'Connor asked Mr. McKay if he was aware that similar legislation to the Canadian law governing companies had been enacted in the U. S. and if he had a copy, and if he had, would be put one in to Mr. Rodolph. Major Duncan, who has been present for the commission, but has been listening and taking notes as an unbiased individual, will present the case as it relates to the average consumer.

New School Building In Complete Collapse

The remainder of the household science and manual training building, in course of construction adjacent to the Memorial School, collapsed yesterday morning, when all that was left of the walls came down carrying the floors with it.

COOLIES RIOT.

Break Bounds, and Driven Back by Bayonets.

(Canadian Press Wire)  
Victoria, March 12.—At the point of the bayonet, several hundred Chinese coolies, who had made a determined attempt to escape from the William Head cantonment yesterday, were finally rounded up by the military guards and herded back within the cantonment fence.

Over 6,000 coolies are at the William Head cantonment, and when the riot occurred, it is estimated that about 2,000 succeeded in breaking away from the cantonment fence.

The cause of the riot is not known. It was quieted, however, that the riot had been quelled and that order prevailed at the camp.

New School Building In Complete Collapse

His version is that after the British troops withdrew, the French controlled large numbers of Armenians in the local semandarie. Patrols of Armenians made themselves obnoxious to the Mussulman districts of

## METER WATER TO REDUCE THE GREAT WASTE

Three Million Gallons a  
Day More Than One  
Year Ago.

### MAY USE CITY CREST

Privilege Granted City Hall  
Employees for Their As-  
sociation Cards.

That a great deal of water is wasted by the people of this city, was the statement made yesterday afternoon at a meeting of the Board of Control. This statement followed the reading of the report from the pumping station, of the water consumed in the city for the month of February. This amounted in all to 47,121,445 gallons, which is an increase of 2,725,000 gallons over the same month last year. The average daily consumption last year was 15,027,000, and for this year 16,249,350 gallons. A recommendation was made that meters be installed, in an endeavor to cut down the expenses incurred in pumping. Mr. Grey stated that the average consumption per capita here was 120 gallons, compared to 85 gallons in cities where meters had been installed. The meter question will be gone into later. The reason for the great increase in consumption in February 1929 over 1919 is that this year was so much colder, tap being left running.

Controller O'Leary, on behalf of the Board of Works, asked permission to investigate the purchase of motor street cleaners. He stated that they had been asked by one manufacturer to investigate their machine at the cost of the company, but that he did not wish to be under obligation to the company. The board voted in favor of Controller O'Leary making his own investigation with Engineer Grey.

Replying to Controller Davis, the Engineer stated that the cost of the motor cleaner would be taken out of the street cleaning appropriation and would save in cost the city. It is fixed up to expectations and the promises of the makers.

The Building Inspector was authorized to purchase a Ford runabout at a price of \$22.50, from the Ellis Manufacturing Company. The expenditure was authorized in the estimates for the year.

The matter of chlorinating plant for the water works was laid over until next Tuesday's meeting. When Alderman Ferris will be asked to present his objections to the board.

A slight discussion was held over the desirability of Carroll's Point as a site for the new cemetery. In May, Mr. Booker's opinion was taken out of a cemetery at this point would not add to the value of the property.

Control Jutes, however took a different view, stating that the purchase of this property would enable the city to build a road and a bridge on the shore. The matter was laid over for the present.

Regarding the improvements to the city parks, Engineer Grey reported that surveys were being made. He stated that it would be impossible to get the work started by the first of April.

The board recommended that the work be started as soon as possible. Mr. Grey assured the members that this course would be followed.

A communication was received from the Canadian Deep Waterways and Power Commission, asking for an appropriation to further the work of the commission and that delegates be appointed. The board was of the opinion that the grant to the wharves had been asked for was too large, and voted \$500. It was decided that the delegates already appointed should continue to represent the city of Hamilton on the commission and that Alderman Topp be added to their number.

On behalf of the Soldiers' Benefit Fund, Controller Davis reported that John Anderson had been appointed as a matter of insurance for the soldiers' widows, but had not yet completed the arduous task he had undertaken.

An offer was received from C. E. Glover to sell property on the corner of the Mount, which divides two sections now owned by the city, but no price was taken in return for the property. The report of a blue print from the engineer.

The action was taken regarding the erection of a home for the treatment of mental diseases. The recommendation of Thomas B. Morris, assistant city treasurer, for improvements to the Soldiers' Home, was also laid over.

A letter of appreciation was received from the management of the Aged Women's Home, thanking the board for the increase in the per capita grant for this year.

Co-operation with the City Hall Association was asked for, in a letter from that body. In reply, it was stated that 50 per cent of the city hall employees were members of the Association. Permission was also asked that the association may use the City Hall crest on their cards. This permission was granted on the condition that the crest be used on the cards only, and not on the stationery of the association.

A suggestion was made by Controller Jutes, which met with instant favor with the board. This was that the board of works should have a suitable pit into commission a couple of streets clean of the dirt which had been accumulated during the winter months of the ice. The suggestion was promised, will be on the job Monday.

# Perhaps You Have Noticed

That there is rather a decided individuality in the methods used in the conducting of this Begg & Co. Store,---a decided carefulness evidenced in the statements made regarding the Quality of our Clothes,---the special values offered,---or reductions made from time to time.

## This Store Covets Your Confidence

And we know that to hold that confidence our business must be conducted on such "DAYLIGHT METHODS" that between you as a customer and the management and sales staff of this store there must be absolute frankness and a spirit of co-operation.

## We Believe That the Buying Public Know

That is--we recognize that you know good clothes--good shoes--in fact you know "Quality First Merchandise" from that which is so often offered you as a "JUST AS GOOD". You know and recognize that this and every other store--whether they admit it or not--is conducted with the intention and idea of making a profit. Moreover, we believe that you are to-day, more than ever, looking for a clothing store that talks its merchandise straight and advertises its goods on their merits. The steady increase in your patronage of this store evidences that you agree with us that this is that kind of a store.

## Our Spring Stocks are Here--The New Styles are Here--Our Prices We Know Save You Real Money

With Easter only three weeks ahead every man should be interested in the clothes question. Early selection means better choice--and more all-round satisfaction for you.

### When Can We Expect You In to See These New Spring Clothes?

fruit station at Vineland does not provide you with needed information, it would be to say that we also have not had the assistance from you that we might have had. I want positively to disclaim responsibility for any of the criticism directed against these institutions," said Prof. J. W. Crow, of the Ontario Agricultural College, addressing the convention of the Niagara Peninsula Fruit Growers' Association this afternoon.

"The results you will get will depend entirely on the representation you make to the department of Agriculture. I don't think that the department is planning to give you any more than you ask for. These institutions are not doing what they might do for you, and the reason is that the fruit men stand back and fail to press their demand for attention from the Agricultural Department."

"We have been making requisitions to the department of Agriculture for years, and so far as I know the requisitions I have made have been going into the waste paper basket. These two institutions are pointed

out, might be of great value; but outside of providing information on spraying trees very little information for fruit growers has been provided. At Vineland you have simply a foundation of an institution, and at the O.A.C. I doubt if we have even that," he said with regard to the department making these provincial institutions.

Growers had expected from Joseph and Vineland information that was impossible to obtain owing to lack of funds for conducting experiments. He gave fertilizer experiments as an instance, showing that at Joseph his department had not sufficient land to investigate them, but that funds for securing such men to a sufficient number were lacking. Prof. Crow pointed out, and he appealed to the members of the association and all fruit growers to join in an endeavor to secure an increased Government grant in favor of the conducting of scientific investigation of fruit-growing problems in the province.

In discussion of the question of turning the Vineland station over to the Federal Government, the members were divided in their opinions, though all agreed that more money ought to be expended on this institution. Prof. Crow pleaded for the retention of the station under provincial management, because the Vineland work should coincide with the work of the O.A.C., which is important from an educational standpoint. He moved that the Provincial Government be asked to retain the station. The resolution that finally carried was that a delegation from the association meet with a delegation from the Ontario Fruit Growers' Association, to ask the Minister of Agriculture for an appropriation of finances to extend the operations of the Vineland fruit experiment station, it being decided that if funds were provided and a good showing made in service to the fruit-growing industry, the station would be retained under provincial supervision.

Mr. George E. McIntosh, in charge of transportation for the fruit growers, emphasized the importance of the fruit grower of his being a member of an association. "I don't think it will be possible for you to get through another season without paying increased express rates," he said, but he suggested that a schedule of rates be submitted by the express companies, with a view to effecting

compromise. Ontario tomatoes should be marketed in Alberta between early July and the end of August, he told the growers, and expressed the opinion that this market would prove a profitable one. He warned the growers to declare the value of their consignments on making shipments. The resolution passed at Grimsby regarding the inclusion of the Hamilton-Queens Road in the Provincial Government's 100 miles of permanent highways this year was endorsed by this meeting. A committee was appointed to wait upon the Minister of Highways and present the claims of the district in this matter.

Silence--Ah, who can define love? I can. It's what people write novels and plays about. You never can tell. Many a man stands on his dignity who is really below the average.

## BURLINGTON HAS ORGANIZED FOR NURSING

Branch of the Victorian  
Order Has Been Found-  
ed There.

### I.O.O.F. NIGHT

Excelsior, of Hamilton, is to  
Visit Wellington  
Square.

At the Public Library, Burlington, yesterday afternoon a large number of representative citizens met with the ladies of the recently formed temporary Nursing Association, with the view of making it a permanent body under the Victorian Order of Nurses. Cleaver was chairman. He spoke briefly on the good work of the nurses and read the regulations of the order. He also urged the citizens to become members, as the work was a noble one forward for the town, which would be a benefit for the community in general.

Miss Walker, Hamilton, one of the House Managers, gave a general piece of advice on how to conduct the association, and also gave outlines on its management.

Miss Hanna, a practical nurse, of the Hamilton association, gave a splendid talk on the work of the association nurse, explaining that the nurse would have control over all the cases as to the length of visit, giving relief for families if required, and to work in conjunction with the local doctors.

The election of officers, the book table, and the honor of the presentation fell to Mrs. B. C. Ball, who has already proved herself worthy.

The Secretary-Treasurer is Mrs. E. Harris, and Executive Committee: Mrs. (Dr.) E. Harris, Mrs. J. B. Campbell, Mrs. Skelton, Mrs. Beck, Mrs. Topp.

It was decided that a nurse will be appointed without delay for this permanent position under the Victorian Order.

A membership list was opened. The fee is one dollar or more. Several members joined at the meeting. The plans for general subscription are laid and the appeal will go forth for the worthy object within a few days. All citizens are urged to make the great benefits to be garnered from this move and will realize the true expense incurred by the nursing movement, which includes public health, child welfare and school nursing.

It is hoped that the Town Council will make a grant to assist the association, as the work is of the highest order, and best approved, because they have proved it during the last winter, when the work has been fostered.

Next Monday night will be one of the biggest in the history of the Burlington Oddfellows. Excelsior of Hamilton will be the visiting lodge, and its degree team will exemplify the second degree. It is hoped that the Wellington Square members will be out in full force. Refreshments of a very high standard will be served. All members are urged to be present to meet the several candidates who are seeking admission.

The drawing for a beautiful night dress will take place to-night at the Leap Year party, the proceeds going to the Burlington Oddfellows. The drawing will be the extremely fortunate possessor of a lovely work of art. Mr. Johnson, who appears dressed in a buffe luncheon will be served, and the balance of the evening will be given over to dancing.

A new platform is being erected at the Burlington Hospital station, and used for improvement.

The hockey game that was scheduled for the Burlington rink with the Gurney-Tilden team last night was cancelled. A game of water polo would have been more fitted to the condition of the rink.

A well-known resident of Aldershot, David Simpson, passed away last Monday, after a brief illness at the age of 50 years. Deceased was a fireman for the Dominion Sewer Pipe Company and was well respected by all who knew him. The funeral took place 10:15 to Greenwood Cemetery.

### ATTERLEIDGE

Mrs. Jas. Snyder, of Suffolk, died of her mother, Mrs. Theodora Snyder, before leaving for a month's visit to her sister, Mrs. David Hogg, of Toronto. Mrs. Snyder, who was 70 years of age, spent Sunday at the home of her sister, Mrs. J. B. P. of Brampton.

The many friends of Mrs. Snyder's will sympathize with her bereavement. Mr. D. Merritt, and his little daughter, Missie, will be passing away this week.

Mrs. David Scott attended the funeral of her son, Mr. O. W. Scott, last week.

Mrs. and Mrs. Wilbur Swager, of Dundas, spent the week-end at W. G. Laidlaw's.

Mr. James Macdonald, of Dundas, the late Peter Moore, of Dundas, on Monday.

Referring to leadership in the church, Dr. Wallace outlined an experiment which will be tried during Easter week. A hundred hand-picked young men, just graduating from high school, or of sufficient scholastic attainments will be called together by the Inter-church Service and the advisability of entering the church discussed with them. It was argued that everything should be done possible for securing young men for the ministry. He also said that the spiritual side of the Forward Movement is the one which is most important before there could be any possibility of a saving enthusiasm. The General Assembly have asked the

General orders regarding dispatches received by the local newspapers indicate that the Government is planning to close the teachers failed to prevent the students from celebrating the Government's strict prohibitions against such celebration.

**ANTI-BRITISH STICKERS IN CHICAGO.**

Chicago, March 11.—An investigation of complaints from anti-British stickers placed on the windows of the British Consulate after the letters had left the office.

The stickers, placed on the windows of the consulate, read: "Nothing is made in England."

in hotels and restaurants and played to coast: one phonograph company has exclusive rights to many of his melodies, but the small, boxy, wobbly records abated by his whistle, for instance the success of the songs of musical comedy long ago proclaimed a victory for the show in "late 19th-century America," says the author. Captivating songs sung by Mary Dodge and Jack Griffin, her sweetheart, and into which William Penn, Jr., the hotel clerk intrudes, much to the discomfiture of the others, are "The Blue Bird in the Dream," "But a Bad, Bad Baby at Night," is a childlike confession from one Arthur Quillity, the

### For Delay Over Turkey Says Curzon.

London, March 11.—Blame for the troubles that are being experienced in settling the Turkish problem was laid at the door of the United States by Earl Curzon, the Foreign Secretary, in explaining the peace conference negotiations to the House of Lords today.

The difficulty in framing the treaty is largely due to delay, and America is responsible for the delay, Lord Curzon said.

and as consequence of the irritation incident to exposure, soon become inflamed. Then ensues the hemorrhage of "jumping toothache." This condition is characterized by a dilatation of the blood vessels, and pain is caused by pressure due to an excess of blood in the part. A recurrent position increases the pain by causing a further influx of blood, wherefore the diastolic persistency of toothache at bed time.

Then this dental pain can go farther. It may be quieted by household remedies or by painless nostrals, if the sufferer is not sufficiently fatigued, it may eventually die down

Before freedom of religious thought and action had been generally conceded in England the "right of conscience" was used often by those who believe their rights were being trampled upon and whose religious and political contentions were well grounded. History tells also that the dissenters on various occasions failed to receive the amiable treatment accorded to the

high Parliament which imposed very heavy penalties on any who conspired to raise wages. Under this threat these English laborers, who had made an agreement to stand by one another in all their working difficulties and troubles, were transported to the Dutchman's Land.

\*\*\*

"What's the noise?" inquired George. "Either somebody's pulling a thousand tons of coal," replied the Tricoteur, "or our silver has come." "Judge," said the Englishman. "His intellect is swift. It possesses on a fact like a hawk on its prey." C. F. Aked.

**Chairman Says Witnesses  
Show Non-Compliance  
With Law.**

D. T. Williamson, sales manager for Ontario, for the Canada Starch Company, was the first witness on the stand at yesterday afternoon's session of the Board of Commerce. Mr. Roebuck questioned the witness on various orders his firm had received from a number of separate firms. Adams and Harris, former witnesses, were mentioned.

The witness stated that the firm he represented had a sales policy which confined their sales to the strictly wholesale grocery. A list of the firms considered was compiled by the company officials, who acting as the sales of their various departments. The conditions of sale are plainly printed in their price lists and these conditions are to be complied with or the order is refused.

"I suppose that Mr. Roebuck has talked to many people in that same manner," he said.

"You mean that few cases," insisted Mr. Roebuck.

"Mr. McKay followed in a cross-examination exercise conducted at cross-purposes in which various directions from the 'iron bound' policy of the company were discussed and criticized.

The discussion grew into a controversy between Mr. McKay, Mr. Roebuck, the witness and Mr. O'Connor, who apparently, relieving the witness of the burden of the case, made his opinion plain that though you may have a right to go to business, without regard whatever for the small retailer who competes with you.

The words came as the psychological moment apparently, relieving the witness of the burden of the case, made his opinion plain that though you may have a right to go to business, without regard whatever for the small retailer who competes with you.

"What would you say if you were asked to sell to the retail trade as well as to the wholesale trade?" asked Mr. Roebuck.

"I suppose that Mr. Roebuck has talked to many people in that same manner," he said.

"You mean that few cases," insisted Mr. Roebuck.

Adopts Modification  
of Decision.**

**ALL ENDORSE**

**Request for Pledge Not  
Contingent On Federal  
Law's Changes.**

Toronto, March 12.—A lively session of the prohibition convention in Massey Hall yesterday afternoon closed with the adoption of an important amendment to the resolution of policy passed by the delegates on Wednesday. This was all poured upon troubled waters, which at times during the afternoon had threatened to erupt into controversy. The amendment, it is reported by many of the delegates as a distinct concession on the part of the Executive of the Ontario branch of the Alliance to the views of Dr. A. S. Grant and those of the speakers on the referendum committee.

All was going smoothly, and it looked as though the day would be a quiet one, which had been adopted the day before, would remain as it stood, when a resolution was introduced by the Executive Committee, which was a modification of the resolution of policy passed by the delegates on Wednesday. This was all poured upon troubled waters, which at times during the afternoon had threatened to erupt into controversy. The amendment, it is reported by many of the delegates as a distinct concession on the part of the Executive of the Ontario branch of the Alliance to the views of Dr. A. S. Grant and those of the speakers on the referendum committee.

At the close of the afternoon session, the convention adjourned for the day. The delegates will meet again tomorrow morning at 9 o'clock.

**HAVE CHIEF ELECTORAL  
FICER.**

Mr. Guthrie said that many of the clauses of the old election law had been retained in the new bill, but that some clauses had been added from the English law. There were a few innovations. One of the provisions provided for the abolishing of the office of the Clerk of the Crown in Chancery, and to substitute in its stead thereof an official - well known as the chief electoral officer. The duties of the chief electoral officer," he continued, "will be, generally speaking, that he will be in charge of the election machinery and the conduct of the election is carried throughout the Dominion of Canada."

## NOTE TO TURKS STAYS SECRET

London, March 11.—A plan immediately impressing Turkey she must conform to the armistice has been completed. Lord Curzon, Foreign Secretary, announced in the House of Lords to-day, and he said the others had sent instructions to their high commissioners at Constantinople to execute it. It was vain to make this plan public at the present, as publication might feed the enemy.

With that matter settled the conference will attempt to decide the disposition of Cilicia and Syria. As many questions must be submitted to the Allied Government the procedure will be slow.

Curzon did not hope for the completion of the treaty before April.

**Pari-Mutuels Best — The

motors at Fault.**

Referring to illegal betting, Commissioner in his report says: "The evidence on this matter was so conflicting as to maintain the status quo of the question," he remarks, "to obtain information from any of the trial participants in this breach of the Criminal Code, as, by coming forward, they would have assisted the state in its prosecution."

"On the other hand, it was very difficult to secure from any of the law evidence as to the present existence of the practice, this would imply inefficiency in the performance of duty."

**SURREPTITIOUS BETTING.**

The commissioner points out that this has been made aware, however,

Toronto Driving Club of High track and the Metropolitan Race association of the Dufferin Park in Toronto, which are practical under the same control.

The Devonshire track at Windsor the commissioner finds, was in the hands of Thomas C. Duggan, who operated the Back River Jockey Club in real and was associated with Hugh Brown, of New York. The two men operated the meeting in 1916 and 1917. Bradley Wilson, a shareholder early in the track, said in his evidence that he was controlled by Brown to see Dufferin in control. He had not known of Hugh Brown before that time. Since then a lot of people had been put in against Brown.

were building their houses on counting on his taking active affairs again, and that, if he do so, they might be in a few position.

Few, if any of them, felt they can accept the fiscal program suggested by Sir Thomas White, and would be wholesale bolting party should choose the name. Before 1917 the Conservative as suggested by Sir Thomas eBefore 1917 the Conservative called itself a "Liberal-Conservative," and adding the word "national," obviously derived from old "National" policy of high tion, in their view would be a distinction without a difference.

and especially where only a common sense is extended to them by their associates. But they fear that these have a grip on policies which cannot be shaken if Sir Borden does not return to the charge through what he began to call his "resumé," and resume his office. It is doubtful if the Conservatives will be willing to let the promised hand of special privilege and high protection so easily held out to them by Sir Robert White; and then Sir Robert was to the gale, as he did in his promises to reconstruct the Cabinet so that the Liberals were better represented.

The naval policy of the Government was the subject of inquiry

Treasury advocated special legislation. He said there was real need for large contributions to the reduction of the national debt, and urged steps to obtain cash by taxation. This it was most desirable, he said, to get rid of what he termed "floating rates in prices." He thought the situation was left to itself would be for the vicious circle would continue and a crash would come.

Mr. Blackett said there were \$600,000,000 in treasury bills, \$800,000,000 in war bonds and \$900,000,000 in war savings certificates to be refunded or paid until this was done it would be impossible to stop the "present circle."

[illegible]
